Before Deciding

on the details of your suit, we wish to point out that the present-day fashion is as follows:

COAT—two buttons, no vent in back.

VEST—Plain.

TROUSERS — With permanent turn-up bottoms.

Three Most Important Points To Let Us Know

The following particulars are necessary in addition to the measures recorded, and should be carefully given as directed.

HEIGHT—(This is most important).

_____ ft _____ inches

SHOULDERS — Are they square, round, or sloping?

BUILD — Are you stout, slim, or ordinary size?

WEIGHT—

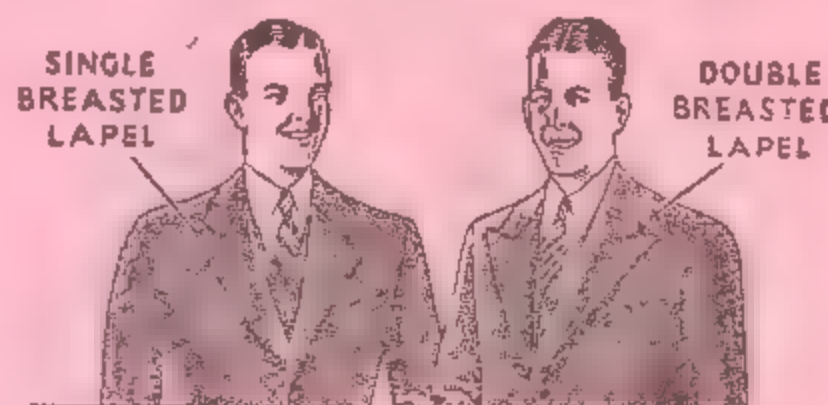

When visiting the city we suggest that country customers allow one of our cutters to check these measurements, which are in every case recorded for future use.

After selection, kindly pass Patterns on to a friend.

VERY IMPORTANT

Clients who have previously favoured us with their orders are reminded that we have their measurements registered on our Record Books. (If possible, give approximate date of last order if recorded within the last five years.)

Be sure and give **HEIGHT** and **WEIGHT** with each Order.

Mail Order Shopping Catalogue

May we draw your attention to the fact that this Catalogue has been compiled principally for Country buyers. The illustrations are a faithful representation of the goods we offer, and Country Customers are assured of getting complete satisfaction when mailing their orders to us.

MARCUS CLARK & CO., LTD., through their many years of trading, have always stood for honest, straightforward dealing, and by purchasing from our Stores you are always assured of the utmost value for your money. Our goods are of the highest quality, being specially chosen by expert Buyers, who have been appointed to our Firm on account of their ability and knowledge of markets and merchandise. Our prices, too, are quoted at the very lowest possible figure and always represent exceptional value. Make a special effort to call and see us when you are in Sydney. We feel sure you would be greatly interested in a visit to our various Departments. You will find it an easy matter to locate our Store, as it is directly opposite the Central Railway Station. If you do not see in our Catalogue the item you wish to purchase, just write us and if we are unable to supply same from our stocks we will endeavour to procure it for you—at the lowest possible price.

THE FOLLOWING WILL EXPLAIN HOW OUR MAIL ORDER BUSINESS IS CONDUCTED.

SHOPPING BY POST

at MARCUS CLARK'S is made very easy. The Assistants attending to Mail Orders take every care and keen interest in selecting the various items required. If, by a remote chance, we are unable to supply the identical goods ordered, it is always advisable to state if we may substitute (you can rest assured in this case that the very nearest article will be selected); also a second choice avoids disappointment and expedites despatch.

Customers desiring to ORDER THROUGH THE MAIL can do so with every confidence, as we handle very many orders for every class of article imaginable, and every order receives the same painstaking attention in order to ensure complete satisfaction.

HOW TO ORDER

Use our regular ORDER BLANK if you have one, but if not, any paper will do. However, if you do not use one of our Forms, we would thank you, if using ordinary writing paper to use ONE SIDE ONLY.

This greatly facilitates the execution of orders. Order Forms and Address Envelopes will be supplied to our Customers on request.

YOUR FULL ADDRESS

Always sign your Christian name in full, stating whether Mr., Mrs., or Miss, and give your name and address very plainly. Also give your Post Office, and FULL COUNTRY ADDRESS.

If you have a local address, such as rural route, or street and number, or Post Office Box number, be sure to give it. Also, if your Shipping point is different from your Post Office, be sure to give it.

HOW TO SEND MONEY

When remitting money you may send Postal Notes, Post Office Order, Money Order, Bank Draft, Cash by Registered Letter, or Stamps—just whichever way is the most convenient for you. The best way to send money is by Post Office Order or Postal Notes. They cost very little and are safe. Of course, if you have an account at the Bank you may, if you prefer, send us your personal cheque. If Postage Stamps are sent with an order, please fold them so that they cannot stick together—stamps stuck together are worthless, and will be returned.

REMITTANCES

When remitting Postal Notes, the words "MARCUS CLARK & CO., LTD., SYDNEY" should be written in the space left vacant for the purpose. It is also advisable to make a note of the number of each Postal Note. This method ensures perfect safety, as Postal Notes treated in this manner can only be paid to us.

CASH ON DELIVERY C.O.D.

Cash on Delivery by Rail Parcels may now be forwarded by Passenger Trains to Railway Stations, plus a small charge for Collecting Fees made by the Railway Department. This service only applies to attended stations in New South Wales, where there is an officer in charge. Also, this system does not apply to consignments sent by Goods Train.

VALUE PAYABLE PARCELS

Value Payable Parcels are forwarded when requested, and you can pay at your Post Office, plus a small charge for Collection Fees made by the Postal Department.

ACCOUNTS Monthly or quarterly accounts, as may be required, can be easily arranged by your forwarding to us two or more business references, either City or Country, which will be considered private and confidential, and used only as such.

PACKING

All goods are very carefully packed by experienced packers, and delivered to the Sydney Railway Station or Wharves free of charge; every care being taken when packing to minimise the cost of freight. We do not accept any responsibility in connection with Goods in Transit—our liability ceases when we deliver the goods in perfect condition to the Railway, Steamship, or Post Office. It is advisable that Customers should satisfy themselves that the goods are correct and in good condition before giving a clear receipt. Damaged goods should, under no circumstances, be accepted, but a claim sent immediately to the Railway or the Shipping Company concerned. In the event of the goods not reaching their destination in reasonable time, we would thank you to communicate with us, when we will immediately endeavour to locate same.

RETURNED GOODS

We are always willing to exchange goods, if unsatisfactory, provided, of course, that they are returned in perfect condition, and are not of that class that have been made to measure.

Goods returned should always have Customer's full name and address enclosed, and a letter or postcard by separate post advising their return, and explaining what is required, and why the goods have been returned. May we call to your attention the fact that letters MUST NOT be enclosed in parcel with returned goods. This is a contravention of the Postal Regulations, and any such parcels found to include letters are charged at full letter rates. Thus, to avoid this unnecessary expense, please make a note to send your letters separately.

WRITE TO US

As we are anxious to fulfil your every need, we ask you to write to us for whatever you require. No matter what it is, we feel quite confident we can be of the greatest assistance to you in your purchase.

PATTERNS AND CATALOGUES

It will be our pleasure to send any Patterns or Catalogues that you may require, upon receipt of your application. Have your name registered on our Permanent Mailing List to receive Catalogues as soon as they are issued.

TO AVOID DELAY

Fill in each Order Form carefully. Be sure you give all sizes, colors, lengths, and qualities required. Attention to these details will expedite delivery and ensure your order being accurately fulfilled.

WE PAY CARRIAGE

On all parcels of Drapery, including Clothing, Mercery, Boots, Shoes and Tailored goods, irrespective of the weight or size. Where freight is paid by us we exercise the right to despatch by the cheapest method. On Furniture, Bedsteads and Bedding, Floor Covering, Canvas Blinds, Ironmongery and such heavy and bulky goods we do not pay Freight unless specially stipulated in this Catalogue. Freight is also extra in the case of Millinery and Lamp-shades, a small charge of 1/6 being made with these lines to cover the cost of a special mailing box and Carriage. If ordering either will you please include this amount.

HEAVY AND BULKY GOODS PER GOODS TRAIN

There is no advantage in prepayment of carriage by Goods Train the rate being the same if paid at either end. Goods addressed to platforms must, however, be prepaid in every instance.

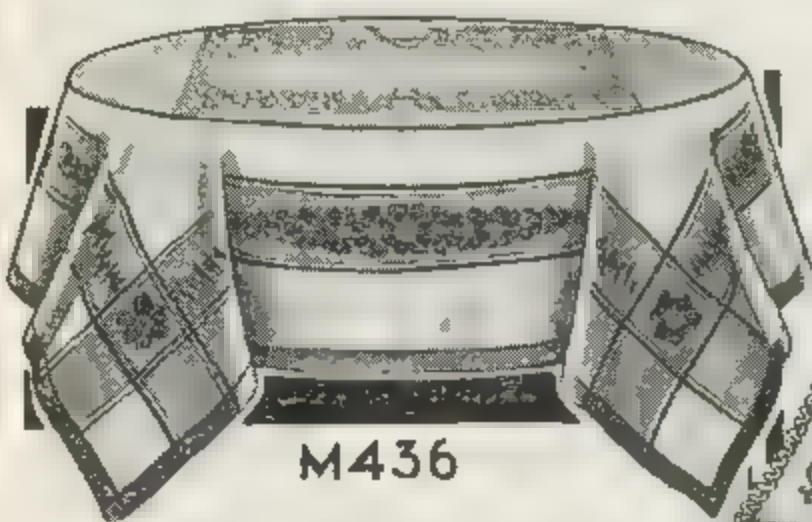

AT YOUR SERVICE

We are at your service any business day of the year and it is our aim to please you on every occasion. Send your orders to us and decide by the results whether "THE BIG STORE" may count on you as a constant, well satisfied, and highly appreciative Customer.

TO THE SHAREHOLDERS AND MEMBERS OF THEIR FAMILIES

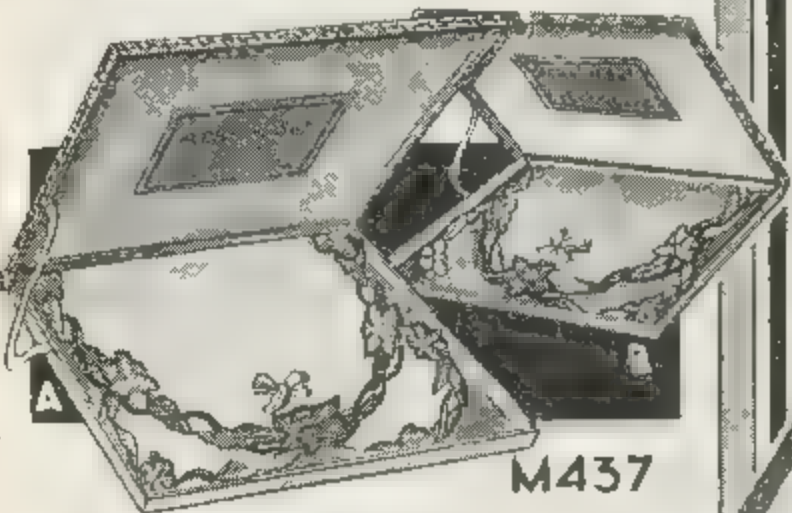

When ordering goods by post please quote your account number or the shareholder's full name and address.

THE "NEW CENTURY ACE" SEWING MACHINE.

"A sewing machine that is unrivalled in performance" *1935 Model.*

POINTS ABOUT OUR NEW MACHINE

- 1-WILL SEW BACKWARD OR FORWARD WITHOUT REMOVING WORK.
- 2-ALL FRICTIONAL PARTS ARE CASE HARDENED, SILENT, SWIFT, AND EASY RUNNING.
- 3-HEAD IS SCIENTIFICALLY BUILT WITH ALL IMPROVEMENTS.
- 4-FREE. A FULL SET OF HIGH-GRADE DRESSMAKING ATTACHMENTS AND ACCESSORIES WITH EACH MACHINE.
- 5-AUTOMATIC SHUTTLE EJECTOR AND AUTOMATIC BOBBIN WINDER.
- 6-CASTINGS MADE IN AUSTRALIA TO NEW GAUGE SYSTEM-THEREFORE INTERCHANGEABLE.

A STORY...

From the forests of the world came the beautifully grained Cabinet Timbers . . . from backwoods where monarchs of many winters rear their proud heads! Seasoned by cool winds, warm caressing sunshine! Felled to grace your homes and the superb quality of the "New Century Ace" Sewing Machine . . . cut and planed and trimmed by skilled Australian workmen, fitted and finished with enduring precision . . . here is, indeed, a machine which will give generation-long service! See it now! Study the details of its construction! Choose from two very popular colours . . . Walnut or Oak!

It is of prime importance that the Sewing Machine you buy be equipped with a head which is properly and scientifically built. No matter how elaborate the stand or how handsome the Cabinet work may be, a machine will not give satisfactory service if the working parts are of inferior quality or faulty construction. The "New Century Ace" head is the product of years of progressive experience in Sewing Machine building, and it embodies all the improvements which scientific study has shown to be desirable. A POSITIVE FOUR-MOTION FEED, AUTOMATIC TENSION RELEASE, AUTOMATIC BOBBIN WINDER, AND POSITIVE THREAD TAKE-UP, these are some of the features of this high arm, high-grade, double thread sewing machine of the lockstitch type.

The presser foot fits solidly in place and cannot move sideways; this prevents bending and breaking needles by striking the foot. By means of the automatic shuttle ejector, the shuttle is quickly and easily removed.

The independent take-up with the four-motion feed insures a perfect stitch on all kinds of material. There is a steady regular tension and an even carriage of the material by the feed which is necessary for an even and perfect stitch. By simply raising the presser foot the tension on the thread is automatically released, enabling the material to be removed without any chance of bending or snapping the needle or breaking the thread.

The automatic bobbin winder makes it easy to wind bobbins and insures a perfectly wound bobbin at all times.

A full set of high-grade Dressmaking attachments and accessories is furnished with each machine FREE.

The castings and woodwork are made in Australia by Australian workmen.

Our instructress will call on customers in the city and suburbs and teach them how to use the attachments FREE. We supply all parts which are made to the new Gauge System and milled to a thousandth part of an inch, therefore interchangeable.

Take no risk—see and buy the "New Century Ace"! Call at our Showroom and let us demonstrate the "Ace," or, better still, let us send a machine to your home to try, FREE. No sale, no charge.

Trade in your old machine and get a 1935 Model, the latest and best.

new summer season's stocks here!

Joe Cohen

No matter how long you may have been playing, there are still a dozen things you can learn. But you must be instructed by a man who knows the game thoroughly — Joe Cohen. He is shown at left illustrating the follow through

**Lessons
are 3/-**

All Golf Clubs stocked in our modern Sports Department are personally selected and tested by our Golf Professional, Joe Cohen, the well known interstate and international player. Joe Cohen was in close touch with the visiting American professional team and had a good opportunity of learning the very latest in golf club construction from the other side of the world. In all our clubs you will find that extra professional "feel" which is so often lacking in ordinary stock golf clubs. When ordering clubs it is advisable to state height and weight.
